AUX Co., Ltd.

(pronounced ox)
Established 1946.

Kitchen utensils for everyday life.

AUX are able to mould ideas into designer kitchenware that always has a focus on both functionality and aesthetic appeal. Considered experts in utensil design, AUX aims to create products with innovative ideas through their close manufacturing network and their creative ability to turn concepts into products.

All items made in Japan.

Steam+Grill

An innovative grill steamer.

The 13mm solid aluminium base of this grill evenly distributes and retains heat which allows you to cook at a lower temperature than usual for delicious grill cooking. Adding liquid such as water, stock or wine increases the tenderness of your fish or meat and the steam gives all food a faster cooking time. The scratch-resistant non-stick cooking surface is easy to clean and healthier for you as no oil is required for the cooking process. Excess fats simply drain away on the ribbed surface for leaner and healthier food.

Suitable for most stove tops.

Free from harmful chemicals – PFOA free.

Metal Cover: The handles of the metal lids have been designed so they stand up out of the way and don't drip steam or condensation onto your bench-top.

- ✓ Heat is distributed and retained evenly throughout the cooking process.
- ✓ Scratch-resistant surface.
- ✓ No oil is required for cooking and it is easy to clean.
- ✓ The ribbed surface of the grill means that excess fats and oils drain away for a leaner and healthier meal.
- ✓ Moisture is retained throughout the cooking process which makes your meat and fish juicier and more tender with a faster cooking time.

Gift-box series

Grill Pizza Plate

A mini cast iron grill pan with even heat distribution and good heat retention. Makes 18cm pizza and cakes.

Suitable for use with induction, gas, electric, halogen and radiant stoves as well as ovens.

Material: Iron with silicone coating
Size: 28cm x 20cm x 3.5cm

XTN1379

XTN1378

Grill Cocotte

A cast iron pan with even heat distribution and good heat retention.

Great for cooking small dishes and even recipes such as tapas!
9cm inner diameter.

Suitable for use with gas stoves, grills and ovens.

Material: Iron with silicone coating
Size: 20cm x 12cm x 4.3cm

Butter Cutter

Create equal-sized pats of butter in one easy motion. Allow the butter to soften slightly before use then simply line up the cutter with the corner marks and press gently. Perfect for toast and pancakes. Able to slice up to 40 pats of butter.

Material: Aluminium with acrylic coating; stainless steel; aluminium

Size: 23cm x 10cm x 2cm

XTM1380

Long Fingertip Tong (Moritsuke Tong)

Long fingertip style of tongs with the patented light spring action in all tongs by this brand. While lying down the tips of these tongs are raised so your counter surface remains as clean as possible.

Material: Stainless Steel
Size: 25cm x 3.8cm

Server Tong

The special curved design with edges that meet precisely when closed is ideal for many serving uses. The light spring action ensures a firm grip and the slots allow for excess liquid to be drained from the food being served if required. While lying down the tips of these tongs are raised so your counter surface remains as clean as possible.

Material: Stainless Steel
Size: 21cm x 5.2cm

Fingertip Tong (Toriwake Tong)

Shorter tongs with an easy to pinch soft spring that works like an extension of your fingers. Suitable for both cooking and for use at the table. While lying down the tips of these tongs are raised so your counter surface remains as clean as possible.

Material: Stainless Steel
Size: 14.7cm x 4.5cm

Mini Fingertip Server Tong (Otomo Tong)

Small narrow server tongs perfect for taking food out of cans and bottles with ease. While lying down the tips of these tongs are raised so your counter surface remains as clean as possible.

Material: Stainless Steel
Size: 13.5cm x 2.5cm

A note on all tongs by AUX:

Usually a spring needs only one press for tongs however AUX perform 2 press directions – once horizontally and twice vertically which makes it both gentle and durable. Extensive testing of 100,000 opening and closing actions of the spring has been completed and the springs do not warp or change shape in any way. There is a certificate of durability available as evidence but most of all you can be sure that these tongs are all easy to use and will last in your kitchen.

Serving Knife (Sukueru Knife)

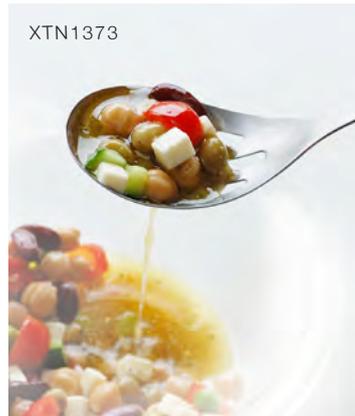

Cut the food to the desired size then scoop and serve directly from this one utensil. Wide rounded surface for easy scooping and serving.

Material: Stainless Steel

Size: 21cm x 5.2cm

XTN1372

XTN1373

Strainer Spoon (Mizukiri Spoon)

Strainer spoon to allow you to scoop, strain and serve with a single utensil. Tilt to drain away excess liquid or hold straight to retain the sauce or juice. Moulded from a single piece of steel to ensure it is easy to clean.

Material: Stainless Steel

Size: 18.5cm x 5.8cm

Vegetable Scoop Spoon (Vegecoco Spoon)

The exquisite finely curved tip allows for easy scooping of soft fruit and vegetables from their skins such as tomatoes, avocados, boiled potatoes and so much more!

Material: Stainless Steel

Size: 17.5cm x 2.3cm

XTM1368

Grater Spoon (Oroshi Spoon)

Solid bottom spoon with extra sharp diagonal blades for zesting, grating and stirring all in one. Perfect for ginger, garlic and citrus zests.

Material: Stainless Steel

Size: 16.5cm x 4cm

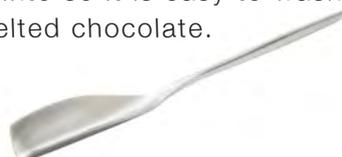

XTM1365

Honey Spoon

Fully integrated single moulded shape. The V-shaped tip stops the honey from dripping and you simply twist the handle in a circular motion to halt the flow. Scoops up to 4 times as much as a typical teaspoon and the moulded shape means there are no cracks for honey to slide into so it is easy to wash. Perfect for honey, maple syrup and melted chocolate.

Material: Stainless Steel

Size: 18cm x 2cm

XTM1367

Leye Series

Honey Spoon Mini

Fully integrated single moulded shape. The V-shaped tip stops the honey from dripping and you simply twist the handle in a circular motion to halt the flow. The moulded shape means there are no cracks for honey to slide into and it is easy to wash.

Perfect for single serves of honey, maple syrup and melted chocolate. It also makes a great gift with a jar of honey.

Material: Stainless Steel
Size: 14.3cm x 1.8cm

Maracas Sifter (Kona Furui)

Simply scoop and shake to decorate or season! Scoop the required amount, flip upside down then shake it side-to-side or up-and-down exactly where you want it over your food. Great for icing sugar on cakes, chocolate powder on your coffee and salt seasoning on your meal. Holds nearly 3tbsp of flour.

Size: 18.5cm x 4.5cm

Double-Sided Cutting Board (Mini Manaita)

A small slanted cutting board to catch the juice and small pieces from your work so there are no spills. Cut your food as required then slide from the slanted edge into the pan to cook or onto the plate to serve. Can be used on both sides.

Dishwasher-safe.

Size: 22.5cm x 22.5cm x 2cm

Strainer Ladle (Mizukiri Ladle)

Moulded ladle with slots to allow excess liquid to escape if required when tilted. Single piece of steel so easy to clean.

Size: 28.5cm x 8cm x 7cm

Uchi Cook Series

Stackable Peelers

These compact peelers fit in the palm of your hand then stack neatly away. The 3 styles of blades cut lightly and smoothly and have additional sharpening with diagonal blades to ensure extra-sharp cutting edges.

Blade Types:

Julienne for carrots, radishes etc
Soft for produce such as tomatoes, peaches and kiwi fruit
Standard for everyday items such as potatoes and carrots

Material: Heat-resistant ABS; stainless steel

Size: 8.5cm x 6.5cm x 4.2cm

Lockable Tong

Single-handedly lock and unlock these tongs. Simply push and slide to open for use. The convenient nub lets you lay the tongs without the serving part touching the surface to keep it clean. Made from heat-resistant materials so they are also suitable for cooking and serving hot food.

Size: 26cm x 3.4cm x 3.9cm

Scoopable Spatula

Stir, scoop and serve all with the one utensil. A thin and supple spatula that is able to lightly bend for easy flipping and lifting. The convenient nub on the arm allows the utensil to rest cleanly on your counter.

Strainer Ladle

Tilt to strain! Use as your usual ladle but simply tilt it to strain as required. Great for easily separating solid ingredients from liquids so suitable for meals such as curries, stews and casseroles. A ladle and strainer all in one!

Also available in Mini size.

Standard Size:
28cm x 8.5cm x 8.5cm

Mini Size:
24cm x 7.2cm x 7cm
